WEB DESIGN AND PROGRAMMING ACCOMPLISHMENT REPORT

Arlyn Joy Marin Moral:
-Collaborated on the design and implementation of the homepage, ensuring an engaging layout and incorporating an image slideshow feature.
-Contributed to the overall aesthetics of the website for a visually appealing user experience.
-Worked on the design and content of "tableross.html," presenting detailed information about Ross Rizal's background, education, and political career.

Ken Bonares:
-Collaborated on the CSS styling of the homepage, current page, and other sections, ensuring a cohesive and responsive design.
-Assisted in the integration of multimedia elements to enhance the visual appeal of the website.
-Contributed to the styling and layout of "trending.html," displaying the latest trends in an organized and visually pleasing manner.

James Vincent Villar:
-Implemented the navigation structure of the website, including header and footer, to ensure seamless navigation for users.
-Contributed to the creation of hyperlinks, ensuring proper page linking and a user-friendly browsing experience.
-Worked on the design and layout of "tableross.html," presenting information in a structured and easy-to-read table format.

Billy Funtalan:
-Developed the content and structure of the 'Meet Your Leaders' page ("leader.html") and integrated an iframe to display external content seamlessly.
-Contributed to the creation of the mayor's profile and achievements section on "tableross.html."

Nick Andrei Paner:
-Collaborated on the CSS styling for the 'Meet Your Leaders' page, ensuring a visually appealing and consistent layout.
-Contributed to the integration of additional pages, including "tableross.html," and navigation links to create a cohesive browsing experience.
-Assisted in creating a visually appealing layout for the mayor's profile on "tableross.html."
